Show Management, the South Point Hotel and Casino, and/or the Official Electrical Service Contractor cannot be responsible for such occurrences, when they are out of the control of Show Management, the South Point Hotel and Casino, and/or the Official Electrical Service Contractor. It is standard practice for many persons exhibiting equipment sensitive to voltage fluctuations, power surges and/or outages, to utilize surge protectors, line conditioners and/or battery backup systems to guard against these events.

Pyrotechnics and Hazers are not allowed.

Solid covers and multi-level booth requirements:

1. Plans for exhibit booths with solid covers must be submitted and approved by Show Management at least thirty (30) days prior to the opening of the Show. When determined by the Clark County Fire Department that temporary sprinkler installation is impractical, alternative protection may be allowed. Please contact Show Management for alternatives.

2. If any exhibiting booths have multiple levels or rooms(s) with enclosures, visible notification must appear on the stairway(s) or outside the room. This notice must state the maximum occupancy permissible or total weight load allowable on the second story at one time. If the second story occupancy level allows more than ten (10) people at one time, a second stairway must be present.

3. All multi-level booths must be stamped by a certified structural engineer and must have two (2) means of egress from upper levels.

4. When a multi-level enclosed exhibit is used in a show, a self-contained automatic fire extinguishing system may be required upon review by the Clark County Fire Department.

Exhibitors are responsible for the prompt removal of bus trays from the Exhibit Hall. No trays are permitted in the public areas of the Show.

Good Neighbor Policy

Exhibitors are expected to minimize the noise level of sound amplifying equipment. All unnecessary noise is prohibited. The use of loud speakers, sound projection equipment and any other sound augmenting devices in exhibit booths will be permitted only with the understanding that the volume is kept at a reasonable level and is not objectionable to surrounding exhibitors. Exhibitors planning to use "production numbers" are advised that prior approval must be obtained from Show Management at least 30 days prior to the opening of the show. Live bands may not be used. Amplification equipment may be used only for recorded music leading to the introduction of product demonstrations, providing that the sound is not objectionable to other exhibitors. In all cases, Show Management's decision on any questionable noise level will be final and the Exhibitor agrees to abide by any such decision.

Full time employees of the Exhibitor, age 18 and over, may set up and take down their own exhibits, with the use of hand tools, but forklifts or any other heavy equipment required must be retained through and operated by the general service contractor. For a safe and efficient move in by all parties involved, the dock area will be under control of the Official Service Contractor. No Exhibitors will be allowed to hand carry items through this area.

Movement of Exhibit Materials

Materials which can be hand-carried by an individual (such as a portable exhibit, literature and sample products) may be brought through the entrance to the Show. However, hand carts, dollies or luggage carts may not be used by exhibitor or hotel bellmen to deliver materials to their booth.
