- Efficiency

Water Utility Programs

New Services and Installations

- Conservation
- Fire Suppression
- Capital Improvement Programs

Firewise Program

-Recognized in 2005

-Mission is to promote communication and education of Firewise principles to motivate community and property owners.

-Objective is to educate, evaluate, and implement a survivable space around all homes in Beverly Hills -Goal is to reduce the lost of structures and lives during a Wildland/urban interface fire.

Solution

- Fire Department and Water Department working together to develop an unified community outreach program.
- Waterwise/Firewise
 Mitigation Demonstration
 Garden at Greystone

Greystone Mansion, Beverly Hills

Grant Funding for Programs

 Public Funding - Grants Local Government Private Funding Creative Funding Labor – Supplies - Materials

Waterwise / Firewise Mitigation Demonstration Garden Stakeholders (Partnerships)
