Training Water Conservation Practitioners of the Future

Deborah Green, Florida Sec AWWA

Jill Hoyenga, Lane Community College

Francie Kennedy, Cal-Nevada Sec AWWA

Steve Carper, Pacific NW Sec AWWA

Paul Lander, Rocky Mtn Sec AWWA

John Solvie, Association of Boards of
Certification

To Discuss

How extensive is the need for professional water conservation training?

From the point of view of water providers?

From the point of view of professionals?

To Discuss

If the need is there, does it matter who delivers the training?

Should there be regional or national trainers?

Is there a need for ongoing training?

To Discuss

What considerations must be taken to prepare a valid program, free from later problems?

To Discuss

Is all training equal?

For example, if a person receives training in Florida, should it be acceptable in California?

To Discuss

What is the long-term support for training from the water industry?

What resources would be made available from AWWA sections?
